The lowest bidder will not automatically be granted the contract. Indian Preference will apply as per TERO. Contracts will only be awarded for bids that are less than the estimated maximum and within budgetary limitations. Bidders claiming Indian Preference must submit verification of TERO Indian Preference certification to be considered for Indian Preference. **Contractors who have not worked for the Coeur d'Alene Tribe's Fuels Program in the last three years must submit a short statement of qualifications and references.**

Work may begin when ground conditions are favorable and after the contract is approved. The Contract expiration date is **August 29, 2011**. **Failure to complete the project on time or in a satisfactory manner may result in disqualification from further project work of this nature for the Tribe. A contract extension may be granted due to weather or other conditions beyond the Contractor's control.**
