

To add or re-connect to hosted imagery or other layers:

- Open a ArcMap or ArcGIS Pro map document.
- Click the Add Data button and browse to “T:\Everyone\GIS\GISLayerFiles” and select a folder for your desired product.
- If prompted for a GIS Server Connection,
for vector layers use the URL:
[“https://gis.cdatribe-nsn.gov/arcgis/rest/services”](https://gis.cdatribe-nsn.gov/arcgis/rest/services)

And for imagery use [“https://gis.cdatribe-nsn.gov/arcgisimage/rest/services/Hosted”](https://gis.cdatribe-nsn.gov/arcgisimage/rest/services/Hosted)

- Use your CDA Portal username and password. Be sure to check the box for “Save Username/Password.”
- If you do not have a Coeur d’Alene Tribe GIS portal account, or if you cannot remember your password, please contact the GIS department at gis-info@cdatribe-nsn.gov.
- Remove any old layers with broken links and be sure to save your map document when done to save these changes.
