

PROSPECTUS: **SHIPPUNUTM LOGGING UNIT**
COEUR D'ALENE INDIAN RESERVATION

THIS TIMBER IS NOT SUBJECT TO EXPORT RESTRICTIONS OR SUBSTITUTION LAWS.

INTRODUCTION

Coeur d'Alene Tribal Forestry offers for sale by sealed bid, in accordance with 25 CFR 163, an estimated 230 MBF of sawlogs and an undetermined amount of pulp and tonwood known as the Shippnuntm Logging Unit. The sale area includes approximately 92 acres of ground-based harvesting within Allotment 634. Bids will be opened at the Coeur d'Alene Tribal Natural Resource Building, 402 Ann Antelope Avenue, Plummer, Idaho 83851 on April 12, 2023. No bids will be accepted after 11:00 A.M. local time. Only bids from entities that have a current, fully signed Coeur d'Alene Tribal Business License will be accepted.

This prospectus is furnished to acquaint you with the principal requirements and features of this logging unit. If its wording or meaning disagree with the contract, the contract is final and binding. No guarantee is made of estimated volumes or timber quality mentioned herein. Arrangements may be made to examine the sale area and you are urged to make such examination and to make an independent assessment to determine your bidding decisions. Each bidder must be prepared to assume full responsibility for the success of the operation under contract terms at the price bid.

BIDDING PROCEDURES

Acceptable bids must be submitted in duplicate, on forms provided, in a sealed envelope marked outside "Proposal for Timber, Shippnuntm Logging Unit" and sent to the Coeur d'Alene Tribal Forestry, P.O. Box 408, Plummer, ID 83851, or hand delivered to the Coeur d'Alene Tribal Natural Resource Building, 402 Ann Antelope Avenue, Plummer, ID 83851. Each bid must state the price per net thousand board feet (MBF) for sawlogs using Scribner Decimal C log scale that will be paid for sawlogs cut and scaled. Minimum bid prices for the Shippnuntm Logging Unit are:

90 MBF Douglas-fir and other species sawlogs at \$246.00/MBF

140 MBF ponderosa pine and white pine sawlogs at \$170.00/MBF

Undetermined amount of mixed fir species tonwood at \$25.00/ton (non-biddable, optional removal)

Undetermined amount of pulp at \$2.00/ton (non-biddable, optional removal).

Bidders must submit a fully signed copy of their Tribal Business license with their bid.

DEPOSIT WITH BID

A deposit with bid, in the amount of five thousand dollars (\$5,000.00) in the form of a cashier's check, or other form acceptable to the Superintendent, payable to the Bureau of Indian Affairs must accompany each sealed bid. The deposit of the apparent high bidder and of others who submit written requests to have their bids considered for acceptance will be retained pending acceptance or rejection of bids. All other deposits will be returned.

PERIOD OF CONTRACT

The contract provides that all designated timber shall be cut and paid for on or before September 30, 2023. All other obligations shall be completed by October 31, 2023.

Ver. 9/2022

LOCATION

The sale area includes 93 acres within Allotment 634 and is located in portions of:

SE¼ of Section 31, T47 N, R4W of Boise Meridian, Kootenai County, ID

TIMBER CRUISE SUMMARY

The following cut volume data was obtained from 100% cruising on approximately 92 acres, as seen in Table 1 for approximate sawlog volumes and rates and 16 Foot Log Size Summary. More information available upon request.

Shippnuntm Volume (MBF) by Log Diameter Class (dib)						
Dib (inches)	PP	DF	WL	GF	WP	Total
4 to 5.5	0	2		0		2
6	1	3		0		4
7	2	2		1		5
8	1	2				3
9	2	3	1			6
10	3	4	1	1		9
11	5	5	1			11
12	3	4	2			9
13	5	3	1			9
14	7	5	1			13
15	8	7	1			16
16	10	6	2			18
17	7	5				12
18	11	3				14
19	9	6				15
20+	65	17	1		1	84
	139	77	11	2	1	230

Weight wood includes pulp (2.0”- 3.9” DIB), or logs with more than 66% defect and tonwood (4.0”- 6.0” DIB). Tonwood is optional removal and pulp is optional removal at non-biddable rates of \$10.00/ton and \$2.00/ton respectively.

TIMBER MARKING

This sale has trees marked BLUE to cut on 2 sides or around the entire tree near eye level of the bole and a butt mark at the base of the tree. The sale area is shown on the Map Exhibit A.

The purchaser may be penalized for cutting unmarked/leave trees even if the cutting is accidental. Trees in the unit containing less than the minimum sawlog and/or tonwood specifications may be removed at the purchaser’s option if approved by Officer in Charge. Cut tree designations for any tree may be cancelled and/or changed by the OIC.

TIMBER SALE ACCESS

The timber sale area can be accessed primarily from US Highway 95 and Louie Lane north of Plummer, Idaho as seen on Exhibit A Map.

ROAD MAINTENANCE

Routine and final road maintenance will be required on the access road located in the northern portion of the logging unit. US Highway 95, Louie Lane, and the adjacent agricultural farm field shall remain free of any logging debris/material/limbs/bark.

The Purchaser shall keep the gate closed when crews are not working on site. The gate may remain open during active hauling periods.

MILL DISTANCES

The highway distances to various local mills are included in Table 4 as seen below.

Table 4. Distances to local Mills

Mill Name & Location	Distance	Mill Name & Location	Distance
Swan Lake Fiber (St. Maries), pulp	22.4 mi	Idaho Forest Group (LaClede)	89 mi
PotlatchDeltic (St. Maries)	22.4 mi	Idaho Forest Group (Lewiston)	93.3 mi
Idaho Forest Group (Chilco)	44.5 mi	Vaagen Brothers (Usk, WA)	85.7 mi
Bennett Lumber (Princeton)	44.9 mi	Boise-Cascade (Kettle Falls, WA)	118.0 mi

EROSION CONTROL

The purchaser shall maintain roads and landings in good condition. Skid trails shall be water-barred at the end of the operations. At the completion of operations, roads shall be smoothed as specified by the Officer in Charge.

LOGGING RESTRICTIONS

Unless logs are pre-bunched, skidding equipment shall be equipped with at least 75 feet of operating winch-line and shall not exceed 12 feet in width. Skidding equipment is restricted to designated or existing skid trails, landings or roads. Existing skid trails that parallel any intermittent stream shall not be used if they are located within 25 feet of a Class II and III streams. Skid trails that cross streams or seeps shall not be used without approval by the Officer in Charge and protective measures for the channel and banks. Liquidated damages will be charged for any unauthorized stream crossing in the amount of \$500.00 per crossing. Operations shall be suspended during periods of high soil moisture, as determined by the Officer in Charge. Damage from other unauthorized activities or negligence by the purchaser will be assessed at ten cents per square foot (\$4,356/acre) of area affected.

Equipment must be maintained to prevent leaking fuel, lubricant or hydraulic fluid, including during re-fueling and adding or changing lubricants or fluids.

Warning signs will be required on US Highway 95 and Louie Lane during periods of active hauling. Additional warning signs shall be posted closer to the active timber sale area. The Officer in Charge may require special measures to ensure safe working conditions.

SCALING PROVISIONS

Scaling shall be by third party scaling service authorized to scale Indian logs (or by USDA Forest Service scalers at approved sites), except that waste material as defined in B7.4 shall be scaled by Tribal Forestry. The Purchaser shall employ and pay scaling charges directly to the scaling service, unless the Approving Officer authorizes the Purchaser to deposit funds with the Coeur d'Alene Tribe for payment to the scaling

service.

Third party scaling by the consuming mill may be authorized by the Approving Officer through approval of a Consumer Scale Authorization and Third Party Scaling Agreement with the consuming mill(s).

It is planned to use 100 percent scaling for sawlogs and 100% weight scale for tonwood and pulp. Tonwood and pulp may also be sample scaled and any pieces meeting sawlog specifications shall be expanded to count loads and billed at the bid rates for sawlogs.

SLASH AND CULL TREE DISPOSAL

Slash piles shall be covered and located outside the drip ring edge of the nearest trees, a distance of at least 1½ times the average diameter of the slash pile. When stand conditions make compliance with the preceding statement impractical, slash piles shall be kept less than 10 feet in diameter and spaced from the leave trees as far as possible, but no less than 10 feet.

NOXIOUS WEEDS

Skidding equipment shall be washed seasonally prior to move-in. Washing shall be sufficient to remove weed seeds from the equipment. Cell phone pictures or other documentation may be requested by OIC as proof of washings.

UTILIZATION

Timber shall be cut to fully utilize the merchantable material and to yield the maximum stumpage value. Timber cut into lengths or products of lesser value shall be scaled as if cut to yield the maximum value of products covered by the contract.

The purchaser shall ensure that all merchantable material that is designated to be cut is removed from the sale. All waste in improper long butts, tops, broken and partially sound logs, missed logs or trees, and trees designated for cutting that are not removed shall be scaled by Tribal Forestry and paid for by the purchaser.

PAYMENT FOR TIMBER

The purchaser shall pay for timber in advance of cutting through an advance payment of 25 percent of the sale value within 30 days of contract approval. Payments and deposits are due on the date specified in the written requests from the BIA/Tribe.

ADVANCE DEPOSIT

The contract requires that timber will be paid for in advance of being cut. This shall be accomplished by maintaining an account of advance deposits, which the Purchaser will pay into at regular intervals during the course of operations to maintain a minimum balance of \$4,000.00.

After the bid has been accepted by the Approving Officer, a required Logging Plan meeting will be held with the Purchaser to determine the specifics of the planned harvest operation.

Refunds of surplus account balances shall be made to the purchaser upon closure of the sale.

PERFORMANCE BOND

A performance bond in the amount of seven thousand dollars (\$7,000.00) shall be furnished by the Purchaser within 30 days of the acceptance of the bid, before contract approval, and shall be retained for the duration of the contract to ensure satisfactory performance by the Purchaser. The bond may be in the form of a cashier's check, Irrevocable Letter of Credit, or other form acceptable to the Approving Officer.

TRIBAL EMPLOYMENT RIGHTS ORDINANCE (TERO)

The Coeur d'Alene Tribe operates under an Indian preference labor ordinance. The TERO requires that Indian subcontractors be given preference for hiring. Before bidding, prospective bidders should contact the TERO office to obtain full information regarding qualifications, availability and other requirements for Indian subcontractors to claim TERO preference. All bidders are required to obtain a Coeur d'Alene Tribal Business license prior to submitting a bid. Business licenses can be obtained from the TERO office indicated below. The purchaser and any subcontractors will be required to submit a TERO compliance plan to the TERO director for approval prior to commencement of operations each season.
